Terms and Conditions

Eligibility: All equipment must have an active listing with the American Heating and Refrigeration Institute (AHRI) or EnergyStar™ to be considered for a rebate. Manufacturer’s claims will not be considered. All Equipment must be installed to manufacturer’s instructions and operating according to all applicable federal, state and local codes and ordinances. Customers must provide the Contractor’s final invoice (along with this application) to Vermont Gas for payment. Contractor’s invoice must include size, make, model and serial number of the installed equipment. All required information must be provided to be eligible for a rebate. Incomplete applications, missing data, or ineligible equipment may result in the delay or disqualification of the rebate. Vermont Gas reserves the right to confirm all installations to verify the accuracy of the efficiency rating of the equipment installed. Rebate requests must be made within 90 days of the completed installation of equipment and must be installed at a valid Vermont Gas account address. Rebate amounts and eligibility criteria are valid for projects installed on or before August 31, 2023.

Disclaimer of warranties and limitation of liability: Vermont Gas does not warrant the performance of installed equipment expressly or implicitly for fitness for a particular purpose nor does it warrant that the equipment or its installation complies with any specifications, laws, regulations, codes, or standards. Vermont Gas does not warrant or guarantee any estimation of cost savings resulting from project.

Endorsement: VGS does not endorse any manufacturer’s product or system design in providing this financing opportunity and only provides a list of products that are eligible for current State of Vermont rebates.

Household Income

Income is defined as the total annual gross income of all family and non-family members 18+ years old living within the household. All sources of income must be counted from all persons in the household based on anticipated income expected within the next 12 months. Possible types of income include but are not limited to: wages, salary, tips, bonuses or commissions payments, public assistance, social security/SSI, child support, regular gifts, unemployment, income earned on assets (savings, IRA, etc.) and some types of financial aid.

To calculate income, take the monthly amount that you and the people in your household are paid before taxes and multiple by 12. Include all wages, including regular salaries and overtime. If you are self-employed, use the previous 12 months of pretax income.

Vermonters whose annual household income falls at or below the following levels are eligible for this increased incentive offer.

Number of people in household	1	2	3	4	5	6	7	8
Annual household income limit: Chittenden & Franklin counties	\$90,200	\$103,200	\$116,000	\$128,800	\$139,200	\$149,600	\$167,640	\$186,520
Annual household income limit: Addison county	\$78,720	\$89,880	\$101,160	\$112,320	\$121,320	\$130,320	\$139,320	\$148,320
