* A higher AFUE (Annual Fuel Utilization Efficiency) and UEF (Uniform Energy Factor) indicates more energy efficient equipment and can be found at ahridirectory.org or energystar.gov/products.

Interested in equipment financing?

You can finance your equipment at 5.99% for market rate households or 0% for income-qualified households. 1-5 year loans are offered through our financing partner, **Green Mountain Credit Union (GMCU)**.

All loans are subject to approval by GMCU. To apply complete the *Project Verification Form* at https://vgsvt.com/wp-content/uploads/2023/12/2024-VGS-Residential-Equipment-Project-Loan-Application-w_GMCU.pdf and submit with your price quote and contractor’s signature to dallas@greenmountaincu.com.

Efficiency Vermont provides rebates for non-natural gas appliances. Call for info: (888)-921-5900 or go to: efficiencyvermont.com

Terms and Conditions

Eligibility: All equipment must have an active listing with the American Heating and Refrigeration Institute (AHRI) or EnergyStar™ to be considered for a rebate. Manufacturer’s claims will not be considered. All Equipment must be installed to manufacturer’s instructions and operating according to all applicable federal, state and local codes and ordinances. Customers must provide the Contractor’s final invoice (along with this application) to Vermont Gas for payment. Contractor’s in-voice must include size, make, model and serial number of the installed equipment. All required information must be provided to be eligible for a rebate. Incomplete applications, missing data, or ineligible equipment may result in the delay or disqualification of the rebate. Vermont Gas reserves the right to confirm all installations to verify the accuracy of the efficiency rating of the equipment installed. Rebate requests must be made within 90 days of the completed installation of equipment and must be installed at a valid Vermont Gas account address. Rebate amounts and eligibility criteria are valid for projects installed on or before December 31, 2024.

Disclaimer of warranties and limitation of liability: Vermont Gas does not warrant the performance of installed equipment expressly or implicitly for fitness for a particular purpose nor does it warrant that the equipment or its installation complies with any specifications, laws, regulations, codes, or standards. Vermont Gas does not warrant or guarantee any estimation of cost savings resulting from project.

Endorsement: VGS does not endorse any manufacturer’s product or system design in providing this financing opportunity and only provides a list of products that are eligible for current State of Vermont rebates.
