Re: Vermont Gas Systems, Inc., Addison Natural Gas Project
NSC Request # 6
Docket No. 7970

Dear Ms. Whitney:

The Agency has reviewed the Vermont Gas Systems, Inc. ("VGS") filing concerning the VGS sixth non-substantial change determination request.

The pipeline burial method described in the filing does not change the disturbance footprint and does not raise any significant concerns with regard to impacts to the natural environment. In addition, the described work does not require any Agency permit amendments.

Please contact me if you should have any questions.

Respectfully submitted,
State of Vermont Agency of Natural Resources
